

CCML February Membership Meeting  
February 9, 2024  
National Jewish Hospital

Agenda

9:00 – 9:30am: Networking

9:30 – 10:30am: Speaker – Empowering Research through Clinical Data, Joy Zimmer, NJH Clinical Information Systems Specialist

Joy Zimmer, Data Analyst at National Jewish Health, will describe how the Research Informatics team supports and collaborates with researchers to ensure data is collected and accessed, while adhering to principles of data security and privacy protection.

Joy Zimmer is a Data Analyst with the Research Informatics & Computing Core at National Jewish Health. She has over 18 years of varying healthcare experience at NJH where she previously managed admissions and scheduling departments and worked in IST as a resource on EMR functionality, training and build requests. Joy's focus for the last 7 years has been on data for research. In her free time, she enjoys outdoor mountain activities, reading and gardening.
